

# PETERBOROUGH NEW HORIZONS BANDS

## COVID Protocols

**Date Issued:** October 25, 2023

**Purpose:** Protect the membership.

**Provision:**

Please follow the Peterborough public health recommendations at <https://www.peterboroughpublichealth.ca/covid-19-risk-index/> and take the precautions as you deem fit for your situation.

- a. We recommend that members keep up with vaccinations, especially for high-risk individuals, but do not require proof of vaccination in order to play.
- b. We recommend masking for high-risk individuals but do not require it.
- c. We recommend that members maintain distance as appropriate.
- d. We especially urge members who feel ill or have any respiratory symptoms to stay home.
- e. If you test positive for covid, do stay away from band activities for at least 10 days.

The Board's approach is that instead of mandating protocols, we are asking members to take the measures that they feel necessary to protect their own health. This approach is consistent with recommendations from Peterborough Public Health and the Province of Ontario.

**Date Approved:** October 25, 2023

**Signed:**   
PNHB President

**Signed:**   
PNHB Board Secretary

### Revision History:

Date	Description
2023-10-25	Updated protocols
2023-3-2	Changed protocols to align with PPH current guidelines
2022-9-7	Protocols issued.
